**Lavaggio / Washing**

**Caratteristiche / Characteristics**

*Il tessuto è ricoperto da uno speciale rivestimento protettivo, formando uno strato idrorepellente che impedisce una rapida infiltrazione di liquidi. Il liquido si condensa sulla superficie del materiale, impedendo al fluido di essere assorbito immediatamente dal tessuto. Ciò consente una rapida pulizia del liquido versato con un panno morbido o un tovagliolo di carta. /*

*Fabric is covered with a special protective coating, forming a water repellent layer which prevents rapid fluid seepage. The liquid condenses on the surface of the material, preventing the fluid from being absorbed immediately by the fabric. This allows quick cleaning of the spilled liquid with a soft cloth or paper towel.*

Lavaggio / Washing

Lavare e stirare al rovescio / Washing and ironing on the back side

Non strizzare / Do not wring

Non strofinare sul dritto / Do not rub on the face side

Caratteristiche / Characteristics

*E' una tela 100% cotone dall'armatura molto fitta tale da renderlo sostenuto e dal peso importante.*

*E' un tessuto semplice, basilco; realizzato con un particolare finissaggio con lo scopo di ottenere una superficie estremamente vellutata e dall'aspetto vissuto, ha inoltre una piacevole mano al tocco.*

*Tinto in pezza, la particolare tintura e il finissaggio gli conferiscono un aspetto un pò sbiadito, così da ottenere una palette di molto soft dai toni accennati, che spazia dai pastello alle tonalità più vivaci, sempre con un aspetto vintage.*

*Smile è un tessuto ideale per pezzi dal design moderno e pulito, ma si presta a vestire in modo impeccabile anche modelli dal sapore lievemente shabby. /*

*It is a 100% cotton canvas with a very thick weave that makes it sturdy and heavy.*

*It is a simple, basic fabric; made with a particular finishing with the aim of obtaining an extremely velvety surface with a lived-in appearance, it also has a pleasant hand to the touch.*

*Piece-dyed, the particular dyeing and finishing give it a slightly faded appearance, so as to obtain a very soft palette with hinted tones, which ranges from pastels to more lively shades, always with a vintage look. Smile is an ideal fabric for pieces with a modern and clean design, but it also lends itself to impeccably dressing models with a slightly shabby flavor.*

**Lavaggio a macchina. Temperatura max 40°C. Azione meccanica e centrifuga ridotta. Risciacquo a temp. decrescente.**  
Machine wash. Max temp. 40°C. Mechanical action and reduced spin. Rinse with decreasing temp. / Lavage en machine. Temp. max 40°C. Action mécanique et centrifuge réduite. Rinçage à temp. décroissante.
- 

**Lavaggio a macchina. Temperatura max 30°C. Azione meccanica e centrifuga ridotta. Risciacquo a temp. decrescente.**  
Machine wash. Maximum temperature 30°C. Mechanical action and reduced spin. Rinse with decreasing temperature. / Lavage en machine. Temp. max 30°C. Action mécanique et centrifuge réduite. Rinçage à température décroissante.
- 

**Lavaggio a mano. Temperatura max 40°C. Azione meccanica e risciacquo delicato. Non torcere. Tempo lavaggio breve**  
Hand wash. Maximum temperature 40 ° C. Mechanical action of washing and delicate rinsing never wring out the washing / Lavage à la main. Température max 40°C. Action mécanique et rinçage délicat. Ne pas tordre. Temps de lavage court.
- 

**Non lavare in acqua**  
Avoid to wash with water / Ne pas laver à l'eau.
- 

**Lavaggio in acqua fredda per ammollo o in lavatrice, programma delicati in genere.**  
Wash in cold water to soak or wash, delicate program in general. / Laver à le froide d'eau pour le trempage ou en machine à laver, programme délicat.
- 

**Possibilità di trattare con prodotti a base di cloro.**  
Ability to deal with chlorine-based products. / Possibilité de traiter avec des produits à base de chlore.
- 

**Il prodotto tessile non sopporta il trattamento con cloro.**  
The textile product does not tolerate treatment with chlorine. / Le produit textile ne supporte pas le traitement avec le chlore.
- 

**Stiratura: temperatura max della suola del ferro 110°C. Interporre un panno umido.**  
Ironing: maximum temperature of the sole of the iron 110°C. Place a damp cloth. / Repassage: température max. du fer à repasser 110°C. Interposer un chiffon humide.
- 

**Stiratura: temperatura max della suola del ferro 150°C. Interporre un panno umido.**  
Ironing: maximum temperature of the sole of the iron 150°C. Place a damp cloth. / Repassage: température max. du fer à repasser 150°C. Interposer un chiffon humide.
- 

**Stiratura: temperatura max della suola del ferro 200°C. Interporre un panno umido.**  
Ironing: maximum temperature of the sole of the iron 200°C. Place a damp cloth. / Repassage: température max. du fer à repasser 200°C. Interposer un chiffon humide.
- 

**Il prodotto tessile non sopporta la stiratura.**  
The textile product can not stand ironing. / Le produit textile ne supporte pas le repassage.

- 

**Stiratura: temperatura max della suola del ferro 110°C. Interporre un panno umido.**  
Ironing: max temp. of the sole of the iron 110°C. Place a damp cloth. / Repassage: temp. max. du fer à repasser 110°C. Interposer un chiffon humide.
- 

**Lavabile a secco con tutti i solventi normalmente utilizzati nel lavaggio a secco.**  
Dry clean with any solvents normally used in dry cleaning. / Nettoyage à sec avec tous les solvants normalement utilisés dans le nettoyage à sec.
- 

**Lavabile a secco con idrocarburi e trifluorotricloroetano, con i normali procedimenti.**  
Dry cleaning with hydrocarbon and trifluorotricloroetano, with normal procedures. / Nettoyage à sec aux hydrocarbures et trifluorotrichloréthane, avec les procédures normales.
- 

**Lavabile a secco con idrocarburi e trifluorotricloroetano, limitazione di aggiunta acqua, azione meccanica e asciugatura**  
Dry cleaning with hydrocarbon and trifluorotricloroetano, limitation of adding water, and drying action mechanical. / Nettoyage à sec aux hydrocarbures et trifluorotrichloréthane, ajout d'eau limité séchage.
- 

**Lavabile a secco con percloroetilene e idrocarburi, limitazione di aggiunta acqua, azione meccanica e asciugatura**  
Dry cleaning with perc and hydrocarbons, limitation of adding water, and drying action mechanical. / Nettoyage à sec au perchloréthylène et hydrocarbures, ajout d'eau limité, action mécanique et séchage.
- 

**Lavabile a secco con percloroetilene e idrocarburi con normali procedimenti.**  
Dry cleaning with perc and hydrocarbons with normal procedures. / Nettoyage à sec au perchloréthylène et hydrocarbures avec les procédures normales.
- 

**Il prodotto tessile non sopporta il lavaggio a secco.**  
The textile product can not stand the dry cleaning. / Le produit textile ne supporte pas le nettoyage à sec.
- 

**Si può centrifugare.**  
You can spin. / On peut centrifuger.
- 

**Non centrifugare. Non torcere.**  
Do not spin. Do not twist. / Ne pas centrifuger. Ne pas tordre.
- 

**Possibilità di asciugare delicatamente a temperatura ridotta (max 60°C)**  
Ability to gently dry with temperatures (max 60 ° C) / Possibilité de sécher délicatement à température réduite (max 60°C).
- 

**Possibilità di asciugare normalmente senza restrizioni di temperatura**  
Ability to dry normally unrestricted temperature / Possibilité de sécher normalement sans restriction de température.
- 

**Il prodotto tessile non sopporta l'asciugatura in tamburo**  
The textile product can not bear to tumble / Le produit textile ne supporte pas le séchage en tambour.
- 

**Asciugatura a tamburo**  
Drying drum / Séchage en tambour.
- 

**Asciugatura in posizione verticale (appeso), dopo spremitura e/o centrifugazione.**  
Dry in vertical position (hanging), after squeezing and / or centrifugation. / Séchage en position verticale (suspendu), après pressage et /ou centrifuge.
- 

**Asciugatura in posizione verticale del prodotto tessile intriso d'acqua, cioè senza centrifugazione.**  
Dry in vertical position of the textile product soaked with water, ie without centrifugation. / Séchage en position verticale du produit textile imprégné d'eau, c'est-à-dire sans centrifuge.
- 

**Asciugatura su superficie piana.**  
Drying on a flat surface. / Séchage sur une surface plane.
